Under The Affordable Care Act, starting January 1, 2014, most Americans will be required to have health insurance or pay a penalty. This is called "The Individual Mandate." To avoid the penalty, you need insurance that qualifies as Minimum Essential Coverage. See options: <http://www.washington.edu/ship/affordable-care/aca-faqs/>

International students at the University of Washington (UW) are required by Federal and State laws to maintain health insurance, while studying in the United States. UW's International students are automatically enrolled for student-only coverage each quarter they register for classes.

See: <http://www.washington.edu/ship/international-student-insurance-health-plan/>

The cost for International students is \$379/quarter (or \$1516/year).
