

## **CURRICULUM VITAE**

Kristina M. Park, RLA, ASLA  
Lecturer | Landscape Architect | Urban Designer

### **1. T E A C H I N G – C O U R S E S T A U G H T**

#### **UNIVERSITY OF WASHINGTON**

---

##### **LA300 Intro to Landscape Architecture (6 credits; varies, 26 enrolled)**

###### **Autumn Quarter 2018 | Autumn Quarter 2019**

Introduction to history and environmental influences in field while developing design and graphic skills. Site analyses and drawing to convey design concepts. Relationship of visual perception to drawing, role of values in design, verbal communication, and behavioral analysis of design process. Required course for admission to Bachelor of Landscape Architecture program.

##### **LA322 Intro to Planting Design (3 credits, 137 enrolled)**

###### **Spring Quarter 2020**

This course explores design thinking through the medium of plants, and their role in creating resilient, beautiful and sustainable places. Students will explore plants within the framework of their relationship to support biodiversity and healthy ecosystems. Plants are living, infinitely varied, and malleable; also, plants are a fascinating medium with which to design and create.

##### **LA402 Urban Sites Studio (6 credits, 30 enrolled)**

###### **Winter Quarter 2019**

Explores application of design ideas and principles to urban sites. Applies theory and research informing the design of human environments and lessons from urban and ecological design precedents to the design of urban places. Includes design across scales to detailed site design studies, including planting design. Majors only. Co-taught in the Winter of 2019 – Dr. Brook Sullivan

##### **LA422 Advanced Planting Design (3 credits, 13 enrolled)**

###### **Spring Quarter 2020**

A graduate and undergraduate course which is focused on advanced planting design providing students with the following learning opportunities: Develop an understanding of the professional practice of creating a planting design and construction documentation introduction to LandFX and professional office CAD standards. To increase familiarity with plants, plant spacing, soils, construction details, maintenance, and specifications.

##### **URBDP 503 Communication and Analysis (3 credits; 27 enrolled)**

###### **Winter Quarter 2019**

Graduate Level course providing the development of communication skills and an understanding of the planning and design process. Develop an understanding of graphic representation techniques using mental, visual, oral, written, and kinesthetic cognitive actions to explore design communication.

#### **WESTERN WASHINGTON UNIVERSITY**

---

##### **ENVS 360 Plan Graphics and Site Design: Methods in Urban Design (3 credits; 16 enrolled)**

###### **Fall Quarter 2019**

Introduction to land use code interpretation and skill development in graphic communication with the use of computer aided design. Fundamentals include creating site layouts, sections, illustrative renderings and presentation boards using Sketchup, Photoshop, Illustration and InDesign.

## 2. SCHOLARSHIP + RESEARCH

### GRANTS

---

**Whatcom Community Foundation** \$6,880 (2019 – 2020)  
Grant awarded to Kristi M. Park and Katy Scherrer, to co-develop a temporary activation of Bellingham’s waterfront through a shipping container development in partnership with the Bellingham Downtown Partnership and the Port of Bellingham.

**Fremont Community Council** \$5,000 (2017)  
As a community volunteer, Kristi applied and presented the BF Day PTSA project to the Fremont Community Council and was awarded a community grant for the BF Day PTSA to construct playground improvements.

**Australian Institute of Landscape Architects** \$10,000 (2011)  
International art competition finalist for the installation of the kinetic art piece “Urban Waterfall” which temporarily activated an alley in Sydney Australia’s Redfern neighborhood.

**4 Culture** \$3,500 (2011)  
Site Specific Art Grant awarded for the installation of Fifth/Columbia temporary art installation for “Wait.” The installation was inspired by the Seattle Design Commission’s Holding Pattern Contest of which this art piece was a city-wide finalist.

**Scan| Design Foundation** \$4,500 (2011)  
Art Grant awarded for the installation of Fifth/Columbia temporary art installation for “Wait.” The installation was inspired by the Seattle Design Commission’s Holding Pattern Contest of which this art piece was a city-wide finalist.

**Kickstarter Campaign** \$3,200 (2011)  
Community fundraising and engagement for the installation of Fifth/Columbia temporary art installation for “Wait.” The installation was inspired by the Seattle Design Commission’s Holding Pattern Contest of which this art piece was a city-wide finalist.

### RESEARCH

---

2020 – Engaging Teenagers in Public Space. Research and Presentation for the 2020 WASLA Conference.
