Health Insurance

U.S. Citizens: UW does not offer health insurance to domestic students and is not required by the university.

Domestic students can seek coverage through [Washington Health Plan Finder](#). Learn more:

<https://wellbeing.uw.edu/medical/insurance-cost/>

International Students: International students at UW are required by Federal and State laws to maintain health insurance, while studying in the United States. UW's International students are automatically enrolled for student-only coverage each quarter they register for classes. Learn more: [UW International Student Health Insurance Plan \(ISHIP\)](#)

LENGTH OF PROGRAM

The standard timeline for BLA students is 9 quarters (or three years). However, students who enter the program with significant progress toward general education and degree requirements already complete may pursue an accelerated 7-quarter (two years plus one summer term) course sequence. When you enter the program, the Undergraduate Program Adviser will discuss which sequence makes the most sense for you. You need to remain in sequence, as all landscape architecture and several directed elective courses are offered only once each academic year. Learn more: [UW//LA BLA Curriculum Guide](#)

BLA STUDENT DEMOGRAPHICS

Total students: 44 students (Autumn 2020)

77% female and 33% male

75% domestic

91% WA resident + 9% non-WA resident
