** [Required ISHIP Health Insurance](#) rates for International students can be found here: [International Student Health Insurance Plan \(ISHIP\) Insurance Rates](#)

Estimated costs are based on [Student Financial Aid - Student Budgets](#).

Other resources: [UW Student Financial Aid](#)
[UW Housing and Food Services - Housing and Dining Rates](#)

Health Insurance

Some [on-campus health services](#) are available for students.

U.S. Citizens: UW does not offer nor require health insurance for domestic students. Domestic students can seek coverage through [Washington Health Plan Finder](#). Learn more: <https://wellbeing.uw.edu/medical/insurance-cost/>

International Students: International students at UW are required by Federal and State laws to maintain health insurance, while studying in the United States. UW's International students are automatically enrolled for student-only coverage each quarter they register for classes. Learn more: [UW International Student Health Insurance Plan \(ISHIP\)](#) and [International Student Services - Health Insurance Requirement for International Students](#).

LENGTH OF PROGRAM

The standard timeline for BLA students is 9 quarters (or three years). However, students who enter the program with mostly completed general education requirements and significant progress towards BLA degree requirements may pursue an accelerated 7-quarter (two years plus one summer term) course sequence. When you enter the program, the Undergraduate Program Adviser will assess which sequence makes the most sense for you. You need to remain in sequence, as all landscape architecture and several directed elective courses are offered only once each academic year. Learn more: [UW//LA BLA Curriculum Guide](#)

BLA STUDENT DEMOGRAPHICS

Total students: 41 students (Autumn 2024)

66% female, 22% male, 12% nonbinary/trans

88% domestic
